

Wedding Ceremony Packages

If you are hiring Southern Sounds to be a part of your reception, then we can also be a part of your ceremony as well.

Ceremony DJ Package

This includes Southern Sounds using the same sound system as the reception sound system, no microphones, and no coordination. You will receive music played while guests arrive, during the ceremony, and the music will keep playing after the ceremony for the start of the reception.

Add Ons to DJ Package

- Different sound system as our reception sound system- This will also include a DJ assistant to help clean up the ceremony sound system so the DJ can start playing music at the reception immediately.
- Silent Power: If you are getting married on the beach or at a location without power we can bring a silent generator.
- Each Microphone
- Coordinator for the ceremony
- Coordinator for the rehearsal (Price depends on distance)

***If you cannot afford a DJ, ask about our
Sound System Rentals!!***

Ceremony Coordinator Package

This package is perfect for you if you would like your reception coordinator to also help coordinate your ceremony but you are not interested in having us provide the music.

Add Ons to Coordinator Package

- Coordinator for the rehearsal (Price depends on distance)

Please call or email for prices
